

AWARD SUCCESS FOR TOP TAMWORTH STUDENT

A Tamworth & Lichfield College student has topped an amazing year by receiving a student of the year award.

Lee Andrews received the Public Services Student of the Year Award at the College's annual awards evening and was amazed to receive such an honour. This achievement comes on the back of a remarkable year for Lee.

Lee studied a BTEC National Diploma in Public Services for two years at the College's Tamworth campus and gained a Triple Distinction in his studies, the highest grade possible. Lee was one of two students who were the first in the College's history to attain such a level in Public Services.

"I really did enjoy the course; it suited me to the ground. The course was so varied and I learned so much. I've made some good friends and got on well with all my tutors. The units that we did were interesting and it has helped me realise what I want to do in the future." said Lee, aged 19.

Lee Andrews is pictured with the Public Services Student of the Year Award.

Lee, of Middleton, through all his hard work has been awarded a Scholarship by Coventry University to study Criminology and has now embarked on the next step of his education.

"It's amazing that I've been given this opportunity and I'm finding University life is exciting and I hope I do as well as I've done at college. I feel that all the hard work has been well worth it in the end".

Curriculum Organiser (Public Services), Dawn Dwyer said, "We were delighted about Lee's achievement - he really deserves it. He has shown real commitment and dedication to the course and I wish him all the best for the future. We have a good record of students doing well here and going on to University and I think it definitely shows that with a will to succeed, anything is possible for students."
